1. Why are you seeking election to this position? Continue on a separate sheet if necessary.

I feel that after a year of being the Director of Education for the CO-AMTA I have the opportunity to continue to offer my service, time and insight into the position. I still seek to encourage high end education and research to come to the CO members to further our education levels and certification programs.

2. What goals would you seek to accomplish if elected?

If elected I would continue to seek out the best education programs possible and bring them to CO. I would also try to continue the push to bring research and help research in the state.

3. How many hours per month would you be able to contribute to fulfill the duties of this position?

16

4. What talents/abilities/experience do you have that qualify you for this position?

Not only have I been doing the job for the past year but I also feel that it has educated me greatly on how to make my time with the CO-AMTA more effective. I have been organizing my own courses for the past 5 years now and during that time have created a network and community of educators and organizations that could benefit the CO members.

5. Please describe your past AMTA service activities.

I have served as the director of education for the CO-AMTA for the past year now.

6. Please list your volunteer experience outside AMTA.

I was chairman for the Boulder College of Massage Therapy Alumni Association for 2007-2008. I have served as a board member for the non-profit group called Above the Seas, I was director of Youth Delegates for the Quebec Presbetyrian Church from 1998-2001

7. Please describe your VISION for the AMTA-CO Chapter.

I think the future of the AMTA-CO chapter is to be at the forefront of research and education. Ultimately I think research in CO can become standard practice and minimum education can be raised to more hours or higher education.

Signature: Troy Lavigne
